

DON'T OPPOSE ANY GOOD MAN

Judge Neterer of Seattle, Wash., is Strong for Competent Officials.

WHO JUDGE NETERER IS. Judge Neterer is 51 years old, per year which the government was judge of the superior court of Whatcom county for eight years, has been a lawyer for a quarter of a century, was city attorney of Bellingham, and of late years had a practice that netted him more than the \$6,000 pre year which the government will pay him for the rest of his life.

The judge has been a consistent progressive democrat ever since he became interested in politics. He is the father of four children, two boys and two girls.

Special Correspondence. SEATTLE, Wash., Aug. 20.—By all the signals, symbols and tokens, Judge Neterer, federal judge for the western district of Washington, should not be expected to be for the recall of judges.

But Judge Neterer always was somewhat in advance of his fellow barristers.

Once his democratic friends wished him to cast his chapau in the ring as candidate for judge against E. H. Hadley of the Whatcom county bench. Judge Hadley was a republican. He had already served one term, and to Judge Neterer, it seemed he filled the office very creditably.

Did Judge Neterer run against Hadley? Indeed not. He delivered a lecture on civics and good government to

JUDGE JERE NETERER.

the committee which sought to bring him out. Told them he advocated the election of judges on non-partisan tickets, and advised that no candidate be put up against Judge Hadley as long as he was giving satisfaction. And the democratic county convention actually endorsed Judge Hadley, the republican.

That was before the judicial non-partisan law was passed. In the course of time, Judge Hadley was appointed to the supreme court. Judge Neterer was a candidate to succeed him. Of course the democrats nominated him. Then the prohibitionists endorsed him. And then the socialists. And then the republicans. Judge Neterer's name was the only one on the ballot for that office.

When his first term was up, the same thing happened all over again for eight years.

There were candidates galore to succeed C. H. Hanford, who resigned during his impeachment investigation. Pres. Wilson wanted to know who this fellow Neterer was.

So Sen. Foindestler told him, and Neterer is now federal judge.

GOV. FOSS IS NOT G. O. P. May Decide to Run as an Independent Candidate.

BOSTON, Aug. 20.—It was announced Tuesday that Gov. Foss has decided that he will not be a candidate for the republican nomination for governor, although he had sufficient signatures to nomination papers to place his name on the primary ballot. He has not made up his mind whether or not he will run independently.

BROWN BOTTLE BLUFF PUNCTURED
Chicago, November 12, 1912.

To our Clients—
Please take note that we have recently given our opinion to one of our clients as to the relative merits of the white and brown bottle for beer, as follows:
"Regarding the relative merits of the white and the brown bottle for beer, we wish to say that the ONLY advantage of the brown bottle over the light bottle consists in the protection of the beer from light."
"WHERE BEERS ARE NOT OF SUCH QUALITY AS TO BE IMMUNE AGAINST A HIGH DEGREE OF STABILITY, so that they are practically immune to such influences as prolonged chilling and prolonged storage at summer temperature, they also become less sensitive to the influence of light, so that with the usual precautions no bad effect need be feared."
"FOR SUCH BEERS THE LIGHT BOTTLE IS PREFERABLY EMPLOYED because it can more readily be inspected before filling the finished package reveals at a glance whether the contents meet the requirements of the consumer as to color, clarity and freedom from sedimentation."

PROGRESSIVE MEDICINE, MODERN EQUIPMENT AND VAST EXPERIENCE

Are the Keynotes of Success With the Up-to-Date Specialists in Nervous and Chronic Diseases.

DR. FLEENER TELLS WHY HIS METHODS CURE WHEN OTHERS FAIL

DR. FLEENER.
MY BEST REFERENCE IS
Not a Dollar Need Be Paid Unless Cured!
I CURE MEN AND MEN ONLY.

THE FOLLOWING ARE THE DISEASES OF WHICH I HAVE CURED SO MANY MEN; PERHAPS MORE THAN ANY OTHER SPECIALIST:

"914" FOR BLOOD POISON CURES TO STAY CURED

The new German treatment is the remedy that you should demand when suffering from this loathsome condition. For years even ages, doctors have been treating this curse on humanity by administering drugs and poisons. The old-time method was purely empirical, it being almost entirely based upon what this or that doctor concluded to use on his patient, the treatment in many instances being more injurious than the disease itself, causing the germs to be bottled up in the blood. The New German Remedy "914" Neosarvan, is truly scientific and has done more to relieve sufferers from this disease than any other discovery of this or any other age. Neosarvan or "914," as it is generally known, is so called as the result of the nine hundred and fourteenth experiment made by its inventor in order to perfect his formula. It will kill the so-called spirillic germ instantaneously.

The medical profession on both sides of the Atlantic have become a unit regarding its use and its power to absolutely exterminate the scourge. It is my custom to keep abreast of the times in everything that is for the good of my patients, accordingly I have installed (according to the German method) the most elaborate "914" laboratory in the middle west and am thoroughly prepared to administer this scientific treatment according to the most approved methods of its discoverer.

In the majority of cases it is only necessary for the patient to remain under my direct personal care for a few hours, after which he can go to his hotel, business or home with a feeling of relief such as sufferers from this disease never dreamed.

Nearly two hundred patients have been cured in one American city by this improved treatment, and not one relapse has been encountered. Consult Dr. Fleener FREE regarding this triumphal advance in Medical Science. He is a Specialist on Blood, Nerve and Skin Diseases, and you should learn the truth about your condition. I invite you, dear reader, to come and have a heart to heart talk with me. I assure you of satisfactory results. My fee will not be one cent more than you are willing to pay for a complete cure.

Do not submit to the use of dangerous substitutes or inferior treatment for Blood Poison.

Remember that "914" is the improved "909" and Professor Ehrlich, the originator and discoverer of these remedies, declares that "914" is more soluble, reducing the possibility of induration; is decidedly more effective and may be injected without harm or pain in other parts of the body than the veins.

PILES—DISEASES OF THE RECTUM

We find a very close relationship of the Rectum to the entire Pelvic region and this close relationship has particular reference to the nerve distribution and vascular structures. This being the case, a sympathetic affection of these parts is a frequently accompanying symptom. I have for years protested against the barbarous practice of cutting (operation) for the cure of Piles, since an operation seldom produces a permanent cure. Neither do I use strong acid injection which often proves deleterious to the general health and in many cases damage the entire nervous system.

I am exceedingly successful in Diseases of the Rectum. I cure Piles by a safe, sure and painless method and the cure is permanent.

HOW I CURE STRICTURE

Take Stricture for an instant! Few physicians are aware that an operation is unnecessary, and I employ this barbarous method which is so excruciatingly painful. My treatment is gentle, painless and causes no interruption from business. It can not fail to effect a speedy and permanent cure.

A WORD TO NERVOUS, DISEASED MEN

Young, old or middle-aged men who feel the first indication of a decline in health owe it to themselves to at once consult a competent, up-to-date Specialist. I feel it my duty to warn them against the fraudulent offers of "free samples," etc., which are being made by many so-called doctors and "medical institutes" throughout the country. Your condition needs the best skill, and you should place your case in the hands of a man whose reputation you know something about. I am both professional and financially responsible.

MY SUCCESSFUL METHODS

The result has been that I have perfected a system of treatment for chronic diseases which is superior to that of anyone else.

I know this by results, and by this I mean CURES effected. I keep pace with scientific research and I am always among the first to introduce its latest discoveries. I employ no old-time, painful, slow and unsatisfactory methods.

MY GUARANTEE

NO CHARGE UNLESS CURED—My patients receive a written contract guaranteed by a deposit of \$1,000 to indemnify any patient of mine holding my contract, which I can not fulfill, which I will forfeit to anyone who will justly establish evidence that I am guilty of anything but would in any way reflect discredit upon the honor of a reputable professional gentleman.

All dealings strictly confidential. Call today and let us talk the matter over.

REMEMBER—That if you place your case with me it will cost ABSOLUTELY NOTHING if I fail to effect a cure. Don't you think it would be well worth your while to INVESTIGATE what I am doing for others suffering possibly just as you are?

No afflicted person should suffer longer when they can get the services of Educated, Expert, Experienced, and up-to-date Specialist with such absolute and certain protection against any possible loss.

Pay Me for CURES ONLY

I GUARANTEE TO CURE OR MAKE NO CHARGE THE FOLLOWING DISEASES: KIDNEY, BLADDER AND URINARY TROUBLES, STRICTURES, VARICOCELE, HYDROCELE, NERVOUS DEBILITY, RUPTURE, ELCERS AND SKIN DISEASES, VENTRICULAR BLOOD POISONING, ECZEMA, RHEUMATISM, CATARRHAL AFFECTIONS, PILES AND FISTULA AND ALL NERVOUS, CHRONIC AND PRIVATE DISEASES OF MEN.

To the afflicted I especially urge that you call at my office immediately for Free Consultation. If your condition is incurable I will honestly and frankly tell you so and save you useless expense and waste of time. However, I assure you that I have cured many cases which were pronounced incurable by other doctors, and I may be able to accomplish the same happy results for you. At any rate, it will cost you nothing and you will absolutely be under no obligations to me for Consultation. Examination or Advice.
